

Wilmslow in pictures

Past, present and future images
of Wilmslow

There used to be two chocolate shops

There used to be no A34 Bypass

Wilmslow in the Past 40 years

There was a McDonalds restaurant

Housing estates such as Summerfields were built.

New shops, cafes, and restaurants

There is more housing

The Rex cinema reopens!

Adult parkrun is every Saturday, and Junior parkrun is every Sunday.

There is now a big lidl!

Wilmslow in the present

More public music festivals for children and adults to show off their talent.

Permission for more graffiti art to make everywhere bright and colourful.

More trees planted to help get rid of greenhouse gasses.

A chocolate shop because most people love chocolate.

Most of the buildings should have solar panels to fight off climate change.

My hopes for the future of Wilmslow
